

Santa Monica Laser and Skin Care Center

Mary Lee Amerian, MD
George Anterasian, MD

Cancellation Policy

All laser and surgery appointments are scheduled for a minimum of one hour. The appointment time is exclusively reserved for this one procedure. For this reason, we have a 24-hour notification policy for laser and surgery appointments.

A request for rescheduling or cancellation of a laser or surgery appointment must be made with the office staff 24 hours prior to the appointment date in order to avoid a cancellation fee.

The fees for short notice rescheduling or cancellation of a laser procedure or a surgery are as follows:

Laser Appointments	\$100
Surgery Appointments	\$100

I have read this policy and understand that if I need to reschedule or cancel a laser or surgery appointment, I must do so with the office staff a minimum 24 hours prior to the appointment or I will be charged the short notice cancellation fee.
